Equation (4) in the original paper contains an incorrect factor of α in the second term of the numerator. The correct equation should be as follows:

$$F_A \equiv \left(\frac{\gamma^2 B(B + \mu_0 M_{\text{eff}})^2 - \omega^2 (B + \mu_0 M_{\text{eff}})}{(\omega^2 - \omega_0^2)^2 + \alpha^2 \gamma^2 \omega^2 (2B + \mu_0 M_{\text{eff}})^2} \right). \quad (1)$$

This is a purely typographical error and does not affect any other part of the paper or the analysis.

We thank Professor A. Manchon for bringing this error to our attention.
