Manuscripts for publication should be submitted in duplicate to the Editor, *Physical Review*, Brookhaven National Laboratory, Upton, N. Y. 11973. Submission is a representation that the manuscript has not been published previously nor currently submitted for publication elsewhere. The manuscript should be accompanied by a statement transferring copyright from the authors (or their employers—whoever holds the copyright) to APS; the form for copyright transfer is printed on page *ii* of this journal and is also available from the Editor's office or APS. This written transfer of copyright, which previously was assumed to be implicit in the act of submitting a manuscript, is necessary under the new (1978) U.S. copyright law in order for APS to continue disseminating physics research results as widely as possible. Further information may be obtained from the Executive Secretary, The American Physical Society.

To support the cost of wide dissemination of research results through publication of journal pages, the authors' institutions are requested to pay a publication charge of \$70 per page, which, if honored, entitles them to 100 free reprints. Nonpayment of the publication charge may lead to delays in publication. An additional \$15 per article is requested for advance publication of the abstract in *Physical Review Abstracts*.

Subscription prices (table below) for American Physical Society members only are for the fiscal year July 1, 1977–June 30, 1978. The prices in parentheses are nonmember subscription prices (January–December 1977). Domestic subscription rates apply to U.S. & Possessions, Canada, & Mexico.
