Manuscripts for publication should be submitted to the Editorial Office in triplicate. Information for contributors may be found in the first issue of each volume. Submission is a representation that the manuscript has not been published previously nor is it currently under consideration for publication elsewhere. The manuscript should be accompanied by a statement transferring copyright to APS. A transfer form may be found in the 11 January 1982 issue of *Physical Review Letters*.

To support the cost of wide dissemination of research results through publication of journal pages, the authors' institutions are requested to pay a publication charge of $85 per page, which, if honored, entitles them to 100 free reprints. Nonpayment of the publication charge may lead to delays in publication. An additional $20 per article is requested to support advance publication of the abstract in *Physical Review Abstracts*.

Address all correspondence regarding manuscripts to the Editorial Office until the manuscript is accepted for publication. Address correspondence regarding accepted manuscripts, proofs, and reprints to the American Institute of Physics.

Subscription rates and related information may be found in the first issue of each volume. Address correspondence regarding subscriptions, renewals, address changes, and single-copy orders to the American Institute of Physics.
