Manuscripts for publication should be submitted to the Editorial Office in triplicate. Information for contributors may be found in the first issue of each volume. Submission is a representation that the manuscript has not been published previously and is not currently under consideration for publication elsewhere. The manuscript should be accompanied by a statement transferring copyright to APS. A transfer form may be found in the 25 November 1985 issue of *Physical Review Letters*.

To support wide dissemination of research results through publication of journal pages, the authors' institutions are requested to pay a publication charge of $25 per page. An additional $30 per article is requested to support advance publication of the abstract in *Physical Review Abstracts*. Because of the major reductions in publication charges in recent years, free reprints are no longer provided to authors who honor page charges; reprints are offered for sale to all authors at the current price.

Address all correspondence regarding manuscripts to the Editorial Office until the manuscript is accepted for publication. Address correspondence regarding accepted manuscripts, proofs, and reprints to the American Institute of Physics.

Subscription prices (table below) for American Physical Society members only are for the fiscal year July 1, 1985—June 30, 1986. **Member subscriptions are for personal use only**. The prices in parentheses are nonmember subscription prices (January—December 1986). Domestic subscription rates apply to U.S. & Possessions. Back-number price: Single copies, $35.
