Errata

Barry R. Holstein, W. Shanahan, and S. B. Treiman

In Eq. (8), the expression for $f_r(E)$ should read

$$f_r(E) = |a|^2 + |c|^2 - \frac{2}{3} \frac{E_o}{M} \left( |c|^2 + \text{Re}(b + d) \right)$$

$$+ \frac{2}{3} \frac{E}{M} (3 |a|^2 + 5 |c|^2 + 2 \text{Re}(b))$$

$$- \frac{1}{3} \frac{m_c^2}{ME} \left[ 2 |c|^2 + \text{Re}(2b + d) \right].$$

Below Eq. (15) $\sigma$ should read

$$\sigma = \begin{cases} +1 & E(L) \text{ with right-hand circular polarization} \\ -1 & E(L) \text{ with left-hand circular polarization} \end{cases}$$

In Eq. (B1) the Racah coefficient should be multiplied by 10.

Erratum: Gamma-ray spectroscopy studies of $^{52}$Ti [Phys. Rev. C 9, 1430 (1974)]

Upon a reexamination of our data, a systematic error in the energy calibration of the $^{52}$Ti $\gamma$-ray spectrum was discovered. The corrected excitation energies for the $^{52}$Ti states which were reported in our paper are $1049.8 \pm 0.6$, $2264.5 \pm 1.0$, $2431.7 \pm 1.2$, and $3588.8 \pm 2.0$ keV.
