Erratum: Giant dipole resonance in $^{17}$O observed with the $(\gamma,p)$ reaction

PACS number(s): 24.30.Cz, 25.20.Lj, 27.20.+n, 99.10.+g

On page 177, the $^{18}$O contaminant of "31.1 g" should be replaced by "31.3 g".
On page 185, the following sentence should be inserted before the first new sentence in the right-hand column: "The character of this structure is consistent with the excitation of the 15.198- and 15.37-MeV levels."

In order to acknowledge the original source of the $^{18}$O($\gamma,pn+d$) $^{16}$N cross-section data, Ref. [20] (on page 195) should be replaced with the following reference: "D. Zubanov (unpublished)."
