This paper was published online on 20 June 2017 with errors in Eqs. (7), (9), and (16). Equation (7) should read as

\[ \rho_{DE} = \frac{(1 + z)^3}{f(z)} \left[ \rho_{DE,0} f(0) + \delta \rho_{dm,0} z (1 + z)^{-1-\delta} f(z) \right]. \]

Equation (9) should read as

\[ \left( \frac{H}{H_0} \right)^2 = \Omega_{r0}(1 + z)^4 + \Omega_{b0}(1 + z)^3 + \Omega_{dm,0}(1 + z)^{3+\delta} \]
\[ + \frac{(1 + z)^3}{f(z)} \left[ \Omega_{DE,0} f(0) + \delta \Omega_{dm,0} z (1 + z)^{-1-\delta} f(z) \right]. \]

Equation (16) should read as

\[ \left( \frac{H}{H_0} \right)^2 = \Omega_{r0}(1 + z)^4 + \Omega_{b0}(1 + z)^3 + \Omega_{dm,0}(1 + z)^{3+3\eta} \]
\[ + \left[ \Omega_{DE,0} (1 + z)^{3(1+w_0+w)}/\beta \exp \left( \frac{3w_0}{\beta} \right) \right] (1 + z)^{\beta - 1}. \]

The authors thank Somasri Sen for finding the misprints. The paper has been corrected as of 17 October 2017. The equations are correct in the printed version of the journal.
