DOI: [10.1103/y633-9f57](https://doi.org/10.1103/y633-9f57)

In Fig. 8 of the original version, the vertical axis of the plot is mistakenly labeled as $(M_{\text{PS}}/f_{\text{PS}})^2$. However, the values shown in the plot are actually $M_{\text{PS}}/f_{\text{PS}}$, without the square. Similarly, in Tables I and II, the rows that are labeled $(M_{\text{PS}}/f_{\text{PS}})^2$ should read $M_{\text{PS}}/f_{\text{PS}}$.

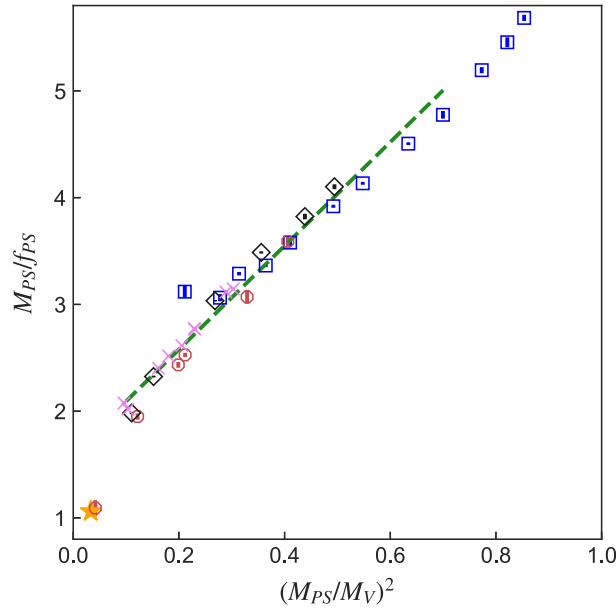

FIG. 8. Correction of Fig. 8, with the appropriate label on the y-axis. The figure is otherwise unchanged.

TABLE I. Correction to Table I, fixing the row label. The numerical values are unchanged.

Observable	A_H	B_H
...		
$M_{\text{PS}}/f_{\text{PS}}$	1.61	4.86
...		

TABLE II. Correction to Table II, fixing the row label. The numerical values are unchanged.

Observable	C_H	D_H
...		
$M_{\text{PS}}/f_{\text{PS}}$	3.87	3.99×10^{-3}
...
