Article Submission Form (`http://forms.aps.org/author/sub-pre.asc`, or .ps) revised 01/01

Title: _____

Authors: _____

Corresponding Author: _____

Email (for Editorial Office use): _____

Address: _____

Phone Number: _____ Fax Number: _____

(If you wish an email address published for readers' benefit, please also include it in your text file as a byline footnote.)

Please consider as a:
☐ Regular Article ☐ Brief Report ☐ Comment/Reply_____ ☐ Rapid Communication (*see below)

(author + vol/pg or code no. object article)

This paper reports new work in ☐ Experiment ☐ Theory ☐ both

Suggest a section and corresponding principal PACS code (refer to URL: `http://forms.aps.org/author/fmsections-pre.ps`). This will allow more efficient processing and will assist in correctly placing your manuscript in the Table of Contents. You may assign three additional PACS codes that further describe the contents of your paper. To access the PACS scheme via the World Wide Web, use the following URL: `http://publish.aps.org/PACS/pacsgen.html`

Suggested section (check only one)

☐	1. Statistical physics of soft matter	☐	9. Biological physics
☐	2. Equilibrium and linear transport properties of fluids	☐	10. General methods of statistical physics
☐	3. Granular materials	☐	11. Chaos and pattern formation
☐	4. Colloidal dispersions, suspensions, and aggregates	☐	12. Nonlinear hydrodynamics and turbulence
☐	5. Structured and complex fluids	☐	13. Plasma physics
☐	6. Films, interfaces, and crystal growth	☐	14. Physics of beams
☐	7. Liquid crystals	☐	15. Classical physics, including nonlinear media
☐	8. Polymers	☐	16. Computational physics

Suggested principal PACS No. _____, should correspond with selected section. Additional PACS No(s). _____, _____, _____.

Contributors are encouraged to suggest names and institutions of potential referees (no limit):

1.	_____	5.	_____
2.	_____	6.	_____
3.	_____	7.	_____
4.	_____	8.	_____

Please ensure that the following items are provided:
- Double-spaced manuscript, including abstract, captions, and references
- Signed copyright form (`http://forms.aps.org/author/copytrnsfr.pdf`)
- "Original" scanner reproducible figures
- If transfer from PRL, please indicate manuscript code _____
- If color figure, signed Color Figure Authorization (`http://forms.aps.org/author/colfigauth.asc`, or .ps)
- If EPAPS material, signed EPAPS Deposit Form (`http://forms.aps.org/author/epapsdep.html`)
- If your paper has appeared previously as an e-print, please provide the archive name and paper number: _____

Submitted by: _____ Date: _____

Submission of this manuscript implies acceptance by the authors of the established procedures for selecting manuscripts for publication. It is understood that this manuscript is original work and is not being considered for publication elsewhere.

Please provide additional information for the Editors, including *justification for publication as a Rapid Communication, on a separate sheet.
