

Events produced from the  $B^+ \rightarrow \bar{D}^0 D^0 K^+$  decay binned by quantities constructed from the energy (vertical) and momentum (horizontal) of the decay products. The darker boxes within the black ellipse signal a new  $D_{sj}$  meson. See article 092001.

By suggesting a few manuscripts each week, we hope to promote reading across fields. Please see our Announcement Phys. Rev. Lett. 98, 010001 (2007).

Brief explanations of selected papers from this and other APS journals appear regularly at the *Phys. Rev. Focus* web site (<http://focus.aps.org>). Readers can also sign up for weekly e-mail summaries of *Focus* stories.
