Letters intended for this journal must be short and self-contained. A description of editorial Policies and Practices is published in the first January and July issues and can be found on our Web server. Instructions for manuscript preparation are given in the Information for Contributors published in the first issue of each volume and available on our Web server.

Manuscripts should be **submitted** electronically in acceptable format (see `http://authors.aps.org/ESUB/` or inquire at prltex@aps.org). If this is not possible, send one copy to the Editorial Office. Submission is a representation that the manuscript has not been published previously and is not currently under consideration for publication elsewhere. Authors should provide indexing codes according to the PACS scheme (available at `http://publish.aps.org/PACS/`). An executed APS **copyright-transfer** form (effective only on acceptance for publication) must be provided; the form is available via our Web submission server and via `http://authors.aps.org/`.

To help defray editorial and production expenses, authors of published Letters are expected to pay a **publication charge** of $650 ($230 for a Comment or Reply). Charges are higher ($800 for a Letter, $290 for a Comment or Reply) for those which are not submitted in an acceptable electronic format. Acceptable formats are REVTEX (preferred), LATEX, plain TEX, MS Word; PostScript figures (preferred). **Reprints** are offered for sale to authors.

For information about **subscription prices** and about the **online version** of the journal, see our Web server, or inquire at assocpub@aps.org. **Member** inquiries regarding **subscriptions**, renewals, address changes, missing or damaged copies, and single-copy orders should be addressed to the APS Membership Department. **Institutional subscribers** should address subscription inquiries to APS Subscription Services. For address changes please send both old and new addresses, and if possible, send the mailing label from a recent issue.
