

Double-well potential in two dimensions, plotted as a heat map. The wells are marked by green dashed circles and three examples of paths between them are shown (black, gray and white lines). [Peter G. Bolhuis and Gábor Csányi, Phys. Rev. Lett. **120**, 250601 (2018)]

This paper was highlighted in the APS publication *Physics* (physics.aps.org).

By suggesting a few manuscripts each week, we hope to promote reading across fields. Please see our Announcement Phys. Rev. Lett. 98, 010001 (2007).

**Physics**  
spotlighting exceptional research

The American Physical Society’s free online publication, *Physics* (physics.aps.org), provides thought-provoking analysis and spotlights exceptional research.
