

Current Rapid Communications

Rapid Communications in Physical Review are short reports of important new work which are of sufficient interest to be given priority handling in the publication process. The following papers have been accepted for publication as Rapid Communications and appear as indicated in the designated Physical Review issues.

Physical Review D, Vol. 53, 15 March 1996, Issue 6

Generalized Wick transform for gravity	Abhay Ashtekar	R2865
Statistical thermodynamics of a black hole in terms of surface fields	Claudio Teitelboim	R2870
U duality and intersecting D -branes	Ashoke Sen	R2874
