Letters intended for this Journal must be short and self-contained. A description of editorial Policies and Procedures is published annually in the first July issue. Instructions for manuscript preparation are given in the Information for Contributors published in the first issue of each volume. Rules pertaining to allowed length and memos regarding production requirements appear at the end of some issues of the Journal.

Manuscripts should be **submitted** in quadruplicate to the Editors, Physical Review Letters, 1 Research Road, Box 9000, Ridge, NY 11961-9000. Alternatively their computer file, if prepared in an appropriate format, may be submitted electronically [inquire at prltex@aps.org (Internet)]. Submission by fax is not appropriate. Submission is a representation that the work is not being considered for publication elsewhere. Authors should provide indexing codes according to PACS—1996 [available via ftp to aps.org in the /pub/pacs directory, and in print from the Editorial Office]. A signed APS **copyright-transfer** form (to take effect upon publication) must be provided, and should be included with the submission (the transfer form appears at the end of the 18 November 1996 issue of the Journal, and is available via ftp to aps.org). *After* publication, **payment** of a fee of $440 for each Letter and $150 for each Comment or Reply is requested from the authors to defray editorial and production expenses; for properly prepared electronic submissions, the fees requested are $380 and $130, respectively. **Reprints** may be ordered at an additional cost. **Proofs** are normally sent to authors.

Nonmember subscribers should direct correspondence concerning **subscriptions**, foreign-delivery prices and options, renewals, missing or damaged copies, and changes of address, as well as single-copy orders, to Circulation and Fulfillment Division, AIP, 500 Sunnyside Boulevard, Woodbury, NY 11797-2999 [phone: (516)576-2270; (800)344-6902; fax: (516)349-9704; e-mail: subs@aip.org]. The nonmember subscription **price** (January–December 1997) for U.S. and possessions is $1970. **APS members** should address subscription inquiries to APS Membership Department, One Physics Ellipse, College Park, MD 20740-3844 [phone: (301)209-3280; fax: (301)209-0867; e-mail: membership@aps.org]. For **change of address** allow six weeks advance notice. Send both old and new addresses and, if possible, include an address label from a recent issue. Also available are **microfiche** subscriptions, **microfilm** volumes, and **indexes**. An **online version** of the journal is available. See our Web server for information, or inquire at assocpub@aps.org.

Permission to quote excerpts or to reprint any figures or tables should be obtained directly from an author. The American Physical Society for its part hereby grants permission to quote excerpts and reprint up to 25 figures and/or tables from its journals with acknowledgment of the sources. Requests for permission to reprint in one publication more than 25 figures and/or tables from the totality of APS journals must be made in writing to the Associate Publisher (see address below). A $10.00 fee per figure and/or table in excess of 25 will be charged. **Individual** teachers, students, researchers, and libraries in nonprofit institutions acting for them are permitted to make hard copies of articles for use in teaching or research, provided such copies are not sold. **Copying of articles for sale** by document delivery services or suppliers, or beyond the free copying allowed above, is permitted against payment of a copying fee. The current copying fee is $10.00, per article, per copy. Express permission of APS is not required, except for purposes stated below, provided that the fee is paid through the Copyright Clearance Center, Inc. (CCC), 222 Rosewood Drive, Danvers, MA 01923. Contact the CCC for information on how to report copying and remit payments. **Reproduction** in a reprint collection, or for advertising or promotional purposes, or republication in any form requires permission of one of the authors and a license from APS. Such a license must be sought from the Associate Publisher, The American Physical Society, One Physics Ellipse, College Park, MD 20740-3844. Permission of the author must be sought and obtained from him or her directly.
