We have detected a typing error in Eq. (6) of our Letter. In the exponential part of the potential $V(\mathbf{r})$, $\mathbf{r}_j^2$ should be multiplied by ρ instead of divided by ρ .

Equation (6) should correctly read

$$V(\mathbf{r}) = - \sum_{j=1,2} \frac{(Z_{ji} - Z_{jo}) \exp(-\rho \mathbf{r}_j^2) + Z_{jo}}{\sqrt{\xi + \mathbf{r}_j^2}}. \quad (6)$$

This correction does not influence the discussions or results presented in our Letter.
