The following correction concerns an error in the Drude term shown in Eq. (3), in which the minus sign (“−”) in the denominator should be replaced with a plus sign (“+”). The correct equation is shown below. This error occurred only in print and does not affect the analysis, results, or conclusions of the paper.

$$\varepsilon_D(\omega) = -\frac{\varepsilon_\infty \omega_p^2}{\omega^2 + i\gamma_p \omega},$$
