

INFORMATION FOR CONTRIBUTORS

(Revised September 2011)

Reviews of Modern Physics seeks comprehensive reviews as well as shorter colloquia in all areas of physics. For details, see author guidelines in the January issue or on the journal website (<http://rmp.aps.org/info/authors.html>). Proposals should include an outline with the key citations. For regular reviews and colloquia, write to *Reviews of Modern Physics*, American Physical Society, 1 Research Road, Ridge, NY 11961-2701; email: rmp@aps.org.

Length. There is a 50,000-word limit on the length of regular reviews and a 20,000-word limit on colloquia.

Refereeing. Submitted articles will be referred to one or more associate editors in appropriate fields. An initial decision will be made on the timeliness of the topic and breadth of appeal to our readership. Articles meeting these criteria are reviewed by outside referees who evaluate the scientific accuracy, balance, and clarity of the manuscript. Authors can expect some additional editing in light of these referee reports before the final manuscript is accepted.

Style and notation. The style of manuscripts should conform to that of the journal. Authors may obtain a copy of the *Reviews of Modern Physics Style Guide* at <http://rmp.aps.org/files/rmpguide.pdf>.

Electronic submissions. We encourage authors to prepare their manuscripts as REV_TE_X compuscripts. Those which meet our criteria can be typeset directly from the author's file. Initial submission may be a PDF file, as the source file is not needed until after refereeing. When sending the source file, send text and figures separately to rmp_Tex@aps.org. Give figures filenames in this format: `authorname_fig01.eps`. Please do not send figure files in excess of 4 megabytes. Send a separate cover letter to rmp_Tex@aps.org to advise us that you have submitted an electronic file or files. For more information on manuscript preparation, see <http://rmp.aps.org/info/authors.html>.

INFORMATION FOR READERS

(Revised July 2009)

Subscriptions for members of the American Physical Society and reciprocal foreign physical societies are available at reduced rates. Information on subscriptions is available at <http://publish.aps.org/subchoice.html>. Changes of address of APS members should be addressed to the APS Membership Department. Libraries and other individuals should contact APS Subscription Services. For a change of address, allow at least six weeks advance notice; send both old and new addresses and, if possible, a mailing label from a recent issue. Requests from subscribers for missing issues will be honored without charge if received within six months of the issue's actual date of publication; otherwise, the issue may be purchased at the single-copy price from APS Subscription Services.

Online edition. RMP-Online can be found at <http://rmp.aps.org/>. The online edition precedes the paper edition, and articles are posted individually as they become ready. Subscribers to the paper edition receive access to the online edition as well. Online-only subscriptions are available to APS members and to institutions. For subscription information, go to <http://rmp.aps.org/> and follow the subscriptions links under APS Members or Librarians, respectively.

Reprints of individual articles and of supplements, bound in covers similar to that of the journal, are sold as a service to our readers. A Reprint Catalog going back to 1974, with prices and procedures for ordering, can be found at <http://rmp.aps.org/info/RMPreprintpolicy.html>. PDF files of RMP articles dating back to 1929 are available at <http://rmp.aps.org/>. Nonsubscribers may purchase PDF files of single articles online. Our contributors receive a discount on prepublication orders for reprints of their own articles; often free reprints are available directly from them.

Back numbers are available from 1954 (Vol. 26). **Cumulative index.** For an online searchable index going back to 1929, search RMP at <http://rmp.aps.org/>.

RMP on CD-ROM. Compact discs containing an entire volume are available beginning with Volume 70 (1998). Members may order from membership@aps.org, fax: (301) 209-0867. Institutions may order from subs@aps.org, fax: (516) 349-9704.
